TXB032
RESTORE UTILITIES FROM TAPE TO PARCEL MASTER

PROGRAM FUNCTION:

This program will load utility information from a tape (supplied by the State Tax Commission) and merges that information into the Parcel Master file. The program **REQUIRES DEDICATED UADFILES**.

REQUIRED RESPONSES SUPPLIED BY OPERATOR:

01   Printer prompts

COMMENTS:

This program is typically run as a step in the Utility Checklist (CL11).

OUTPUT SUMMARY (or NA):

The Parcel Master files are updated with the new utility information. A report is produced showing edits for duplicate Parcel Master numbers or duplicate category records.

SPECIAL CONSIDERATIONS:

None
